My (sorta) Goodbye to the fourms ~ Fossil

dragonhawk3154

I have been on this forums since December 15th, 2015.

I have gone through changes as I've been here and I have made new friends in my time on this fourms.

I started out as a annoying little brat, who didn't know what in the world they were doing. Then I started to get a little bit better each time as I grew. As I did I made new friends, some who have made a impact on my decisions and thoughts of the world. I have seen kindness, sadness, pain, and forgiveness on these forums, I have seen flames wars that caused so much pain. In the end we all got through it, we all made up and we all cared for each other as our forum family should

As fourmers went and came through they left a impact on the forums, like every new member it may of been negative at times but positive outcomes always seemed to come from the negative. Every member has somehow changed these forums, whoever is reading this you have changed these forums by being apart of this community.

We have so many kinds of people here from different backgrounds with different troubles, we have been through thick and thin with each other. Even if we didn't know one another we supported each other.

I suppose these are my goodbyes and memories of these forums.

Nightmare: I wish you were still on the forums, I enjoyed seeing you on the forums you were kind and funny and we had similar interests, I hope we can see each other on other sites.

Future: We've known each other for a long time, I've enjoyed talking to you! Your kind and fun person to be around, Rping with you is awesome! ^^ Warriors, Miraculous Ladybug, Wof rps and such. The ML Squad of Arrow, Sloan, Ben, Aster. I hope we can still somehow stay in touch.

Silverskies: We've been friends for a good amount of time, I've enjoyed rping and talking with you. Your so kind and caring and you see to care a lot about others. It makes me happy to see that your still around. I hope we can still interact with each other and maybe to a couple of rps with Ryoko and Skylight ^^

Drippy: I remember one Rp we were in together our character Dragontail and Pouncingwish, it was a fun Rp and it was fun. I remember that you were very energetic and it was fun talking to you.

Athena: We did a lot of rps together and it was fun! Especially with that one Rp you made with the elemental amulets. I met a lot of other fourmers because of that Rp. But I enjoyed talking to you and rping.

Enchanted: Even though I've been quiet inactive you always seem to still be there, even when I come here to vent for a little bit you always understand. Your really kind and a lot of fun to Rp with, i hope we can somehow stay in touch.

Midwinter: I don't really know where you went, but you were a great friend, I enjoyed rping with you and talking. If I remember correctly your in the process of writing a book? But either way hopefully we can interact again. You were really kind.

Cleaver:
I had a lot of fun rping with you and talking, your characters were really interesting. I remember that one Rp with Ninetails specifically, with your character it was really fun, Especially how Chompy developed in the rp. I hope we can somehow still interact when the forums close.

Vertigo/Dauntless: I'm not exactly sure what you go by, but your really fun to talk to, I remember some of the rps I was in with you, those were pretty fun especially the one Ninetails made.

Pepperoni:Your really kind and fun ^^ I really enjoyed rping with you especially in the Elemental demigod to you made (I was quiet annoying back then) but I hope your doing well and I hope we can interact again.

Ninetails:
I remember the one Rp you made with the elemental characters and your character Sol. It was fun and knowing there was a fellow Fairy tail fan on here was awesome. If your still lurking on the forums they've come out with more fairy tail episodes. But I hope we can interact again somehow.

Kite: You were really sweet and kind and it was nice to talk with you, you were very welcoming and understanding and rping with you was fun, I hope we can still interact with one another.

Thunderstorm: It's sad that you had to go, but talking and rping with you on ML was fun, the Stormcave (if that's the correct name) was awesome hope we can somehow still interact with one another, you were really nice and wise.

Time: I remember when you were known as Oblivion when I first met you, it was when Ninetail's Rp was still active with the elemental adventure, that was fun. Even GGaD that fun to. But it's always nice talking with you, you seem to interact with a lot of people and seem very welcoming towards others. I hope we can still somehow interact.

To everyone else:

To all I Hope we can all keep touch, all of you were so kind and nice. Lately I've had a fuzzy memory, but I'll always remember the forums and everyone on it. I've been here for about 5 or 4 years now. I've seen people go and people come or pass through but you've all been wonderful. I hope you all do well in life and prosper in your goals. Maybe one day, one day we'll all see each other again either on the internet or that one fateful day in the real world.

My incredible long list of people I wish I got to know more (this is a lot back from the golden days of the fourms)

Goodbye.

Ah man Fossil, I'll miss you.

I remembered when you joined. It feels so far away.

I can't believe we have to say goodbye.

I don't want to learn how to say goodbye.

I have to learn how to say goodbye.

Goodbye..

I'll see you on the Other Side.

The past does feel far, thinking back to the day I did join, I'm glad I did otherwise I wouldn't have met all you wonderful people. I'd be nice if we could all try to reconnect somehow when the fourms is down.

Hello Fossil! Not sure you remember me, since I did pretty much leave most of the forums a while ago, but in case it helps I was first known as Moonwolf. It's sad to see you go and I hope you have a great life! It was always fun to RP with you and it was nice to get to know you!

The rules for TMSH are on thread /330191.

Warning, I am extremely busy right now and it may take a day for me to respond or longer. But I will try and get on to do stuff at least every other day, but I may not be able to.

Heck, I wish I was able to talk to you more. I really do.

Are you going to be able to migrate over to Home Base?

Most likely, I recently downloaded the app so I'll be able to. My user on home base is the same as my user on here.

If we cannot meet again in another way.. if it's alright with you, could we keep track of the standalone Newsfeed and, if it comes true, reunite once more?

@Time - PLZ TELL ME YOU'RE ON HOME BASE TOO!! (I'm having a dumb moment, why else would you ask about Fossil, lol)

@Fossil - Yes, you're on Home Base!! XD The list of people migrating seems to be growing at a rate faster than I expected, maybe this won't be so bad after all. :)

Hey Fossil! It's been awhile, hasn't it? Anyways I'd just like to say hi and that you were (and still are) a wonderful person when I got to know you. We didn't spend that much time hanging out, but I remember doing a bunch of ML FWRP RPing with you.
